DEPARTURES OF STEAMERS.

The Daily Press.

HONGKONG, SEPTEMBER 28, 1865.

IF it be any consolation to our readers, now that the summer is waning, to know that it has been a peculiarly trying one, we can safely testify that during our long and uninterrupted sojourn on the South of China, we have never previously experienced such lassitude and prostration as we have done this season—and this although we have been entirely free from any sickness whatever. Many of our readers, feeling weakness and debility from the extreme heat of the season, may pass too unfavorable an opinion on their own health and upon the effect of the climate on them. These conclusions we would encourage them to dispel from this minds—the whole weight of an excessively hot dry summer is still pressing on them, but relief is close at hand.

There is one thing we would strongly deprecate, and that is the search for a feeling of relief during the weather in pedestrian exercise. We have known many who have sought that mode to create invigoration and cause an appetite, and we have always seen debility and bad effects produced. Horse and carriage exercise doubtless afford great relief under the circumstances, and seeking refuge at Scandal Point, after the sun has gone down, is by no means a bad substitute.

We bring this subject before our readers principally because we have latterly been too much enervated to be enable to attend properly to our duties.

◆

MANY of our readers are aware, that one of the Bombay reclamation companies, namely "The Elphinstone Land and Press Company," engaged here about 2,300 coolies, which were sent to Bombay and placed upon the Company's works. We see from the report of the sixth annual meeting of the Company, that of these only 620 remain which are described as useful workmen. What has become of the missing ones does not appear.

This circumstance corroborates a conviction we have long entertained to the effect that all Chinese emigration schemes must have small beginnings, and must find their own adaptation ere they can be conducted on a large scale. The management of a thousand Chinamen by people who are ignorant alike of their language, their habits and their capabilities, is an impossible task. If a Chinaman under such circumstances possesses superior intelligence, he employs it to make mischief and sow dissension—if coercion be used it is never sufficiently applied and only tends to make the discontented the more dissatisfied.

The proof that the Chinese are adapted for the work required of them by the Elphinstone land and press company, lies in the fact that the remaining 620 coolies out of the 2,300 originally engaged, are valuable workmen. Had the Company commenced with one hundred, and as soon as those had their hands in have engaged one hundred more, they would soon have had a sufficient number settled down to their work to regulate matters with the new comers; and thus should all Chinese emigration schemes be conducted, whilst embarking in them on a large scale has been the cause of the failure of a vast number.

MR. ANSTEY has been appointed to act as Judge of Her Majesty's High Court of Judicature, Bombay, until the return of Sir Joseph Arnould from absence on leave.

What the precise object of the Governor of Bombay was in selecting Mr. Anstey for this important office, over the heads of so many officials, we can only surmise—and the conclusion we arrive at is that Mr. Anstey's public and unimpeachable integrity was the cause of the preference.

At all events his appointment has produced a most happy result, for which Bombay will for ever regard him in terms of grateful remembrance. Owing to the late crash, there were a great many defaulters who sought refuge from their liabilities behind the intricacies of the law. This system of dishonesty attained a great pitch and aggravated the disaster most ruinously. For not only would one man repudiate a contract with another, because a third party had done the same to him, but many men desirous to liquidate their liabilities could not do so, because those who owed them money repudiated.

This state of things had reached a climax when Mr. Anstey was called to the Bench. As a barrister he had denounced the system, and had quarrelled with both the bench and the bar for tolerating it. The first case of the sort he sat in judgement on, he found means to decide on the broad question of *bona fides*. He arrived at the interpretation of the law without regarding those little points, and rocks and shoals, the circumnavigation of which forms such a passion with our jurists, and the repudiator was both worsted and disgraced. Oh! but that brought trouble on all the evil doers, and lamentation and woe reigned in the repudiating camp! Before it was difficult to find one of the veterans—he was always out, and if found perchance, referred his victims to his lawyer. Now the debtors run after their creditors and beg for a compromise—or some leniency or abatement.

The consequences we are assured were both charming and magical, the effect produced being most salutary for the finance of Bombay generally.

It does our heart good to think how Chisholm Anstey must enjoy his hour of triumph. That man's usage in Hongkong by the British Government was too outrageous to be realised by the generation that witnessed it. But it will live in history to the indelible disgrace of British institutions in China.

Hankow.

We hear by the *Fusi-yama* from Hankow that affairs have almost assumed the nature of a crisis. The daily failing, defaulting, if not actual stealing, on the part of the compradores has brought business to a most critical pass. This is mainly attributable to the system of extended credit and the unwarranted confidence which has been imposed in Native employees. Some of these worthies, we are glad to hear, are in prison, and we hope that all, together with their securities will be firmly dealt with by the Consul at Hankow. We regret, however, to hear that one of the victims allowing his indignation to make him forgetful of his dignity, forced his way into the Taoutai's Yamun and administered chastisement to a defaulting Compradore with a bludgeon, for which offence he had to appear before H.B.M. Consul and was fined $15 and forced to make an apology to H.E. the Taoutai.

Business under such circumstances was naturally dull. The Banks, we hear have suffered in common with others. A warning such as this, we think, will tend more than any attempted combinations to bring about more caution and prudence on the part of the Merchants. It is clearly useless to incur risks such as these for almost any advance in price which could be obtained. Better to take lower rates with ordinary security.

We hear that the water in the river was falling. It had done considerable damage among the houses on the banks. The *Iron Crown* was loading at £2.15.0. but hardly expected to fill before the steamer would be ready to tow her. Teas are rather lower and no *bona fide* settlements were taking place. The shipments were chiefly on Chinese account.—*Recorder.*

Summary Jurisdiction Court.

HONGKONG, 26th *September,* 1865.

BEFORE THE HON. J. C. WHYTE, Esq.

LAI AH-FOOK *v.* F. CASTRO, $23,30 for provisions supplied.

Defendant acknowledged the debt but said that he had not the means to pay it. He was clerk with Messrs Russell and Co., and only got $20 per month wages.

His Honour said that receiving so little wages he ought to curtail his expenses. Decree granted.

PUON AH TOY *v.* PEARSON $3.20 for wages.

Defendant said Plaintiff had been engaged by Mr. Brown the caterer of the mess to which he belonged. He had not engaged him, Mr. Brown had left the Colony for parts unknown.

His Honour said as defendant had had the benefit of plaintiff's services he must pay him his wages. Servants must be paid. Decree granted for $3,20

LEE AH HOY *v.* HARROWIN $64. Plaintiff averred that the defendant had guaranteed the payment of a debt incurred by a certain Mr. Roslay and that he had furnished the latter with clothes to that amount.

Defendant denied the statement. Nether he or Mr. Dubost had passed their word for Roslay. The plaintiff had seen that person at Mr. Dubost's, but that was all.

Plaintiff said that he had no written agreement on the part of defendant that he would guarantee the payment of this debt.

His Honour.—Although it is hard for you to lose your money, still you must submit to the law. As you have no written guarantee, which the English law requires in such a case, I must dismiss the summons.

Dismissed accordingly.

FAWCETT *v.* PIERSON, $80 on a promissory note. Plaintiff had received an order for the amount which was not honoured. Defendant not appearing a Decree was granted for $80 with costs.

LEONG AH YING *v.* LO AH ZOOT.—$22.95, Carpenter's works. Decree granted.

CHOY AH MOY *v.* J. BROWN and PENN $104.57 for provisions supplied. It appears that there was a mess of five men working at the mint and that the plaintiff supplied them with provisions. Two of the five suddenly disappeared, and the plaintiff sued the remaining three for the total sum.

His Honour said that where people messed in common each one must be held liable for the entire debt.

Decree granted for $50.

WING LEE *v.* FERREIRA $123.69 for provisions supplied.

Mr. Hazland appeared for the plaintiff.

The defendant was a clerk in the barrack department and had written to the effect that he owed plaintiff the amount demanded.

Decree granted for $119 and costs.

HO AH WONG *v.* A. B. POWER, $15.65 for carpenter's work done.

Defendant did not appear. Decree granted.

HO AH WONG *v* A COUTTS, $54, Carpenter's work plus lodging rent.

Defendant did not appear. Decree granted.

CHIN AH LING *v.* ELIZABETH MITCHELMORE $20, for tailor's work and clothes supplied.

Defendant said the goods were supplied to her husband who had left the Colony. Knows nothing about the affair. Can swear she never ordered the goods from plaintiff. Can swear plaintiff never worked a day in her house. Cannot say when her husband is coming back. When he went away he did not leave her any money. He had sold the furniture. He had left her only her clothes.

Plaintiff could swear that the defendant ordered the articles and that he delivered them to her.

His Honour said that the wife was not liable for the husbands' debts. If the plaintiff could find any property belonging to Mitchelmore he could take it.

Case dismissed.

A Chinaman said he wished to inform his Honour that he had obtained a decree against Mitchelmore a fortnight ago, and that he found that the furniture in the house was in possession of Messrs. Lammert & Atkinson, who held it under a bill of sale, given to Mr. Marsh, prior to his leaving the Colony for Japan.

His Honour said he could not do anything in the matter. Why did they give their goods on credit to people whom they did not know? If they would act so imprudently they must pay the penalty.

O. JUVAT *v.* WEN KAT CHUM.—$120.

MR. SHARP appeared for the Plaintiff. The Acting Attorney General for the Defendants. This was a claim made for demurrage. The French ship "*Oriental*," was chartered by the defendants for a voyage from Saigon to this port with twenty stipulated lay days nine of which were consumed in Saigon, leaving eleven for the discharge of the cargo here. The plaintiff averred that thirteen days had been taken by defendants to discharge the cargo, and claimed two days demurrage at $60 *per diem.*

The Acting Attorney General on the part of the defendants argued that as notice of arrival had not been rendered until 10 P.M. of the first day, that day could not be counted; a second day upon which the ship had taken in ballast must also be subtracted, as the cargo had not been discharged from the ship upon that day as fast as usual, and finally the delivery of the cargo had been stopped upon a third day until a guarantee for the payment of the freight had been given.

Two witnesses were heard, but as the court discovered at this stage that there existed an informality in the summons the case was dismissed.

—SOY-AH YAN *v.* CHUM AH CHEONG, $72.60, goods sold and delivered. Defendant admitted the debt.

Decree granted.

CHUM YICK *v.* LAO CHEE CHEONG, $ 5.40 money lent. Defendant did not appear.

Decree granted.

WONG AH WING *v.* F. A. VANDENBURG $67.67 provisions supplied. Defendant not appearing.

Decree granted.

LEONG AH YEE *v.* WIEBEKING $12 for two months wages.

Defendant said the fellow had run away from his employment.

His Honour—Did you pay him his first month's wages?

Defendant.—No.

His Honour.—Then he is quite right in going away.

Decree granted.

LEONG AH CHING *v.* WIEBEKING $23,25 for wages and money spent by order of defendant in the purchase of hair oil, &c, &c.

Plaintiff said he had never received any wages. Had been in defendants employ more than two months.

Defendant said the fellow had stolen an umbrella.

His Honour—Well you have your remedy for that in the Police Court.

Defendant said he was not going to pay the fellow as much as he claimed for wages.

His Honour observed that perhaps that would not depend upon defendant. Decree granted for $29.75.

Police Reports.

HONGKONG, 27th *September*, 1865.

BEFORE THE HON. J. C. WHYTE, Esq.

Caution to Captains.—Ho Ah Fook and another Chinaman, were brought up under the following circumstances.

J. H. WAGNER deposed. I am master of the Prussian brig *Berta* now lying in the harbour. At about 7.30 this morning I was sleeping in my berth when I was awoke by a little noise. I got up and saw the first prisoner standing before my desk with the chronometer, now in court, in his hand. The chronometer is worth between £70 and £80. I arose and tried to catch him. He let the chronometer fall and rushed on deck. He did not steal any thing else. I followed him on deck. He ran down the gangway and got into a boat containing three other Chinamen and pulled off. I sent my mate after them in our own boat. He stayed away about two hours and upon his return he reported that two men had been captured. I have been in the harbour since the 14th September. I am positive that the first prisoner is the man that had my chronometer in his hand. I can swear that I saw the second prisoner in the boat that took the first prisoner away.

W. WAGNER sworn. I am chief mate of the *Berta.* I can identify the chronometer in court as the property of the Captain. I was working in the hold of the ship at 7.30 this morning when the first prisoner presented himself at the main hatch and asked me where the ship was bound to? I told him the name of a place, and taking no further notice I resumed my work. Heard soon after the Captain calling out and went on deck. The Captain said that a Chinaman had tried to steal the chronometer. He pointed out the two prisoners who were in the boat with two other Chinamen. We pursued them close in to the shore. When they arrived at the shore they all rushed on land and ran away. The first prisoner was caught by a European, the second was brought back by a lokong.

JOAQUIN ELIAS deposed to having captured the first prisoner.

TAM AH SING No. 86, deposed to having captured the second one.

MR. DOUGLAS said the first prisoner had already been in gaol seven or eight times.

The first prisoner said that he went on board the ship to see a friend and that the mate set a dog at him and because he kicked at the dog they beat him and so he run into his boat and pulled off.

The second prisoner said that when the other boat was pursuing them he pulled as hard as he could because first prisoner told him that if they were overtaken they would all get beaten.

His Worship then sentenced the first prisoner to six months hard labour and at the end of that time to find two sureties in $150 each to keep the peace for twelve months longer.

The second prisoner be sentenced to six months hard labour.

Letter to the Editor.

To the Editor of the "Daily Press."

HONGKONG, 27th *September*, 1865.

MY DEAR SIR,—Having read in your paper of the 26th instant, a report of the meeting of the Legislative Council of the 23rd September, it appears to me that one of the subjects then brought forward deserves the immediate attention of the public, as the desired object can doubtless be attained by an appeal to the local Government and the office in question.

I refer to the remarks made by Honble Thos. Sutherland about the time of closing the mail for Europe, and although other matters of much greater importance have been discussed in the meeting before mentioned, I believe that a few remarks on this subject will not be out of place, and I hope you will excuse that I thus intrude on the limited space in your valuable paper.

There can be no doubt that the time at present fixed for the closing of the mail is very inconvenient to the Mercantile Community as well as to the Public in general, and that the former is subject to a very heavy tax by late fees which are quite unavoidable for the following reasons.

1.—The Coast steamers generally arrive very late which is almost always preventing a merchant from writing his letters in time.

2.—The Exchange business for each Mail is not closed until near the hour when the Mail closes at present.

3.—General business being also done to a large extent on mail day, the merchants naturally wish to include as much as possible of the latest market intelligence in their printed reports. These are therefore mostly too late for the closing of the mail, and so are the two public Overland prints which are never issued until the morning after the mail has closed.*

It cannot be denied that all the late fees thus incurred amount to a large sum, and if they can be avoided without imposing an unfair amount of extra labour on the officials I am sure that our worthy Post-master will be the first to support any suggestion that may be put before him if he thinks it for the benefit of the public without prejudice to the revenue of his department.

I do not believe that the practise of charging late fees was originally intended as a tax to increase the revenue of the Post-Office, but that it was intended as an inducement to the merchants here to post their correspondence as early as possible. If it has failed to produce this object—it is only a proof that the present time of closing the mail is not convenient to the mercantile community, and that the interval between the closing of the mail and the departure of the steamer should be *much less than twenty hours.*

Having written thus much I cannot close without suggesting a remedy for the inconvenience I have complained of, viz.:—to keep the Post Office open for the receipt of letters until 8 P.M. on the day before the departure of the Mail Steamer, and again from 6 to 9 A.M. on the next morning, without charging late fees. After that, one supplementary Mail say from 12 to 1.30 P.M. would probably be sufficient for the requirements of even the largest establishment with a last chance to post letters on board the Steamer as at present.

I do not anticipate that any one who can post his letters before 6 P.M. will leave the same until the next morning, and I am not afraid that the Post Office, with the increased facilities in the new building, will find that the plan suggested will cause much inconvenience.

At least I think some trial might be made in which I hope you, my dear Sir, will agree with

Yours faithfully,
Z.

[* Here our correspondent errs. No late fees are charged on the overland issues, if posted from the office of publication.—Ed. D. P.]

M'GUFFIE'S
COMPOUND TINCTURE OF SULPHATE OF QUININE.

THE highly valuable and restorative qualities of Bark, its specific effect in the cure of intermittent and low fevers, and complaint arising from a general relaxation of the system, induced by residence in warm climates, its property in restoring and increasing the general health and strength &c., &c., are so generally known as to render unnecessary any further remark on its efficacy. As this preparation is occasionally sold in an adulterated state, and not unfrequently mixed with articles by which it is decomposed, and consequently its effects destroyed, it becomes of much importance that it should be procured in a genuine state. The successful results produced from the administration of the Compound Tincture of Quinine especially in the treatment of Ague, by the most eminent of the Faculty, are the best proof of its efficacy and value.

Prepared only by JOHN M'GUFFIE & Co., 24 Castle Street, Liverpool; and sold in Hongkong by ALFRED WRIGHT, Chemist and Druggist, Wyndham Street.

A CARD.

PROFESSOR WHEELER would respectfully attract the attention of the Hongkong Public to the importance of having the Hair Cut, and Dressed in an Artistic manner and style. Appropriate to the Individual is the cut of the Hair: there can be no fixed or prevailing fashion without destroying almost universally the harmony of the *tout ensemble*. Indeed as diverse as is the *contour* of the human head and facial outline, just so peculiar should be the trim and arrangement of the Hair. This fact is acted upon by only those Hair-Cutters who possess an inherent judgment in matters of taste, cultivated and improved by incessant study and application. Of this rare class, Professor WHEELER, humbly claims to be one, and the Only One in this Colony, and he modestly but confidently invites all who may be distrustful of his ability to give him at least a trial before pronouncing an adverse opinion. He may be found at all hours of the day in his Apartments adjoining the Private Entrance of the Oriental Hotel.

tf 1960 Hongkong, 21st July, 1865.

NOTICE.

BEING obliged to leave Hongkong on account of ill health, I recommend all my patrons who wish their Hair Cut and Dressed Artistically to call on Professor Wheeler, being the only one who thoroughly understands his Profession in Hongkong.

J. W. ELLIOTT.

tf 1961 Hongkong, 21st July, 1865.

OH, sound the Lyre, the Tum-Tum and the Gong!
Awake, Ye Slumbering Denizens of Hongkong!
Professor Wheeler, Artist of renown,
From New York, Boston, San Francisco Towns
And other places famed in Song and Science
Has now arrived, with every new appliance,
Combined with those, employed time immemorial,
Prepared to exercise the Art Tonsorial.
Others there are in town who ply the Shears,
But send their trusting Victims forth in tears,
With mutilated locks their friends all stare
And ask—"Why, who the Devil cut your hair?"
Why allow unskilled, and longtailed Chinese
Your Head to butcher, and your Purse to "squeeze?"
Upon this Isle there is not a Hair Dresser,
Can justly claim the title of Professor—
Save Wheeler, who has spent his days in toil,
In Chemic Research "burnt the Midnight Oil."
And now by acclamation near and far
Of other Artists justly takes the *Pas.*
Hasten, Ye Unkempt, to his gay Salon,
Frequented by the Elite and Ton!
Dread no rebuff!—Noblesse or Parvenu.
Impartially he'll "Cut," "Shave," or Shampoo,
With Style Despatch and Neatness, at a Rate
It actually seems ridiculous to state,
Being no more—O, Ye Illustrious Dead!—
Really.—No more than Fifty Cents A Head!
Come, to the Hotel Oriental! there,
Ready to Shave, or Dye, or Cut your Hair,—
Of blessings great benevolently the Dealer,—
From Morn till Night, you'll find
PROFESSOR WHEELER.

WEST POINT RICE MILLS.

THIS Establishment is now ready to receive orders for Rice to be cleaned, and the undersigned are prepared to receive, land, store, clean and ship Rice in any quantities. A new large and very powerful boiler has been expressly imported for the Mills, and large costly additions have been made to the Machinery which is now in full and perfect working order, the improvements which have been effected enabling the undersigned to guarantee the cleaning of Rice in a manner not to be equalled either by any other Mills in the East, or by the tedious hand-labour of the Chinese. The Mills can clean and turn out six hundred picul of Rice in the working day and if greater expedition is required it can be attained. The Godowns are made of granite and are large, airy, and insurable against fire at low rates. The pier has sufficient water at all states of the tide to allow the largest cargo boats to lie, alongside and load or discharge.

Terms can be ascertained on application to the undersigned at the Mills where orders will be received. Persons unable to attend at the Mill will be waited on at their offices, and all orders carefully and promptly executed.

Contracts undertaken either for the supply of the necessary wood or for the labour and workmanship.

Mr. A. D. Mitchell having had several years experience in establishments similar to those above mentioned, he will superintendent the work of same.

Terms can be ascertained on application at the Mills, West Point.

PENINSULAR & ORIENTAL STEAM NAVIGATION COMPANY.

NOTICE OF REDUCTION OF PASSAGE MONEY.

IN the year 1857 the Directors made a considerable reduction in the Company's rates of Passage Money, which continued in force till 1861.

In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores the Directors were reluctantly compelled to return to the rates of Passage Money previously in force. They are now happy to state that a decrease in the price of Coal and other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undernoted scale, which will take effect from and after the 1st June next, viz:—

From Hongkong to:—

Suez,	$460
Malta,	510
Marseilles,	530
Gibraltar,	530
Southampton,	550

Reserved Rates for Single Persons.

Suez,	$939
Malta,	1,020
Marseilles,	1,060
Gibraltar,	1,060
Southampton,	1,100

Reserved Rates for Married Couples.

Suez,	$1,180
Malta,	1,260
Gibraltar,	1,348
Marseilles,	1,348
Southampton,	1,388

The charges for Children are in proportion to the above.

The above rates are exclusive of the amount payable to the Egyptian Transit Administration for conveyance of Passengers through Egypt, viz:—

For First-class Passengers, $32

Children above three and under ten years, half-fare.

Gleanings from California.

Taken from later dates.

MITCHELL the Irish rebel and exconvict joined upon the rupture between the North and the South, joined the Southerners, but upon his seeing that their cause was "played out," he boldly returned to New York and set up as an editor. In vindication of his conduct he wrote a long letter to the New York "Daily News" in the following style.—

"So long as a Southern Confederacy existed I was a Confederate, a secessionist, or what some persons choose to term a rebel. From the moment of General Johnston's surrender to General Sherman, at Greensborough, I perceived that the cause of the Confederacy was utterly lost. There was no longer a Confederate Government: it had disappeared from human eyes; and inasmuch as a country cannot be without a government, and the only government then in fact subsisting being the Government of the United States, I owed to it, from that instant, full obedience, which obedience I at once yielded in good faith, as I think my fellow citizens at the South very generally did at the same time, and for the same reason. I am, therefore, no longer a secessionist nor a rebel; but a Unionist and a lawful citizen."

The next day however the double distilled rebel was put in Fortress Monroe.

MANY of our readers may not know precisely the meaning of the much talked of Monroe Doctrine" this is the exact thing itself:—

"Our policy in regard to Europe which was adopted at an early stage of the wars which have so long agitated that quarter of the globe, nevertheless remains the same, which is not to interfere in the internal concerns of any of its powers; to consider the Government *de facto* as the legitimate Government for us; to cultivate friendly relations with it, and to preserve these relations by a frank, firm and manly policy; meeting in all instances the just claims of every power, submitting to injuries from none. But regard to these continents circumstances are eminently and conspicuously different. It is impossible that the Allied Powers should extend their political system to any portion of either continent without endangering our peace and happiness; nor can any one believe that our Southern brethren, if left to themselves, would adopt it of their own accord. It is equally impossible, therefore, that we should behold such interposition in any form with indifference."—*Extract from Mr. Monroe's Seventh Annual Message.*

NAVIGATION OF THE COLORADO.—Through the exertion of Samuel Adams, one of the explorers of the Colorado river, who lately took the boat *Esmeralda* as far as Colville, 300 miles from Salt Lake, a company is about being formed in this city under the name of the "Colorado Steam Navigation Company," to run regular trips from San Francisco to El Dorado Cañon on the Colorado. The country between that point and Salt Lake City being settled and free from hostile Indians it will doubtless, at no distant day, become the favorite route for overland travel to Salt Lake and the East.

AT 11½ o'clock, a fire broke out in the large brick warehouse of Stoddard & Stuart, known as the Pacific Warehouse, at the northeast corner of Broadway and Battery streets, opposite the American Russian Ice Company's establishment. The Pacific Warehouse was erected by Recorder George H. Baker in 1854, and was from its quite isolated position and careful construction, considered one of the safest in the city. The amount of goods in store and insurance thereon cannot yet be estimated, but there is no reason to hope that the entire loss will be less than $250,000, and it may reach $300,000, or even $350,000. The building belonged to Clark, of Clark's Point, and was not insured. Probably two-thirds of the goods were insured. Beyond doubt this was one of the most destructive fires which has occurred in this city within the past five years.—*Alta California.*

INGENIOUS METHOD OF ROBBING THE POST-OFFICE.—Some newsboys of Cincinnati have been robbing the postoffice for several days past in the following manner: They would stuff a newspaper covered with paste, into the slide of the outside letter-box, wait in the vicinity until several letters had been deposited, draw forth the paper with its intercepted letters, and depart, giving place to another gang, who would go through with the same operation. They had thus stolen over 100 letters, many of which contained sums of money, as high as $50. Seven of the young rascals were arrested. The oldest is not quite 14.

MORMONS GOING TO THE SANDWICH ISLANDS.—Last Monday, a train of Mormon emigrants passed through town, on their way to the Sandwich Islands, where they go to establish a colony. The train consisted of eight teams and ten families, comprising forty-four persons. An agent some time ago, visited the Islands, and purchased what is known as the "Dougherty Property," containing 6500 acres of land on which there are now 500 horses, and a number of cows, sheep and goats. The emigrants with others who are to follow, will devote their attention to raising sugar cane and coffee, and the manufacture of leather.—*Dayton Sentinel.*

EXTENSIVE REDUCTION OF THE NAVY.—An idea may be had of the extent of the reduction in the active naval force of the country, and of the expenses of the Navy Department from the fact that the number of vessels in commission on the Atlantic seaboard, of all descriptions, is ordered to be reduced from about 600 to 90. The West Gun squadron is to be reduced to 20, and the Mississippi squadron to 15 vessels.

THE STARS AND STRIPES.—Messrs. Dyer Badger & Rokohl have, with a most commendable spirit, prepared a lot of American flags of all sorts and sizes, from 5 cents each to $50 or $100. They intend to do all in their power to furnish every citizen with a flag. Let the whole community patronize them. Hurra for the stars and stripes. This firm sell very cheap.

IDEA OF ETERNITY.—A clergyman, in one of his sermons, exclaimed to his hearers: "Eternity! why, don't you know the meaning of that word? Nor I either, hardly. It is forever and ever, and five or six everlastings a-top of that. You might place a row of figures from here to sunset, and cipher them all up, and it wouldn't begin to tell how many ages long eternity is. Why, my friends after millions and trillions of years had rolled away in eternity, it would be a hundred thousand years to breakfast-time."

GEORGE DELANEY, was recently fined $70,000 and sentenced to prison for ten years for recruiting frauds. He swindled the Government out of half a million dollars. He was a few years ago a hack-driver in Norwich Connecticut.

SHERMAN'S "bummers" were death on charging for hidden treasures. Different squads of men dug up a newly buried mule six times in quick succession; and the poor critter was not allowed to rest until his head and ears were left above ground as a sample of the kind of treasure below.

THE person who for two years was Purser of the rebel pirate *Alabama*, has been appointed to a first-class clerkship in the Land Office at Washington. This position, with its good salary, has been given him that the Government may have his testimony available as to the captures and destruction committed by that corsair.

MORE CHAMPAGNE CASES—$150,000 WORTH OF WINES AND LIQUORS SEIZED.—About 50 suits have been commenced in the United States District Court to-day, for the confiscation of as many different lots of wines, and liquors, the whole valued at about $150,000 for alleged violations of the Act of March 3, 1863, in entering the goods at the Custom-house under false and fraudulent invoices.—*Alta California.*

THERE are two thousand and eight places in Boston where liquor is sold; three hundred and forty-two kept by Americans, one thousand and forty-one by Irish, seventy-eight by Germans, nineteen by colored persons, and sixteen by Portuguese.

WE have heard of coon skins, wolf scalps, and "garden sass" as "legal tender," in payment of marriage fees, but a few days since a minister at Lafayette on concluding a marriage ceremony, received as compensation three brooms from the happy bridegroom, who is a broom-maker.

JOSH BILLINGS says: "That if a man is going to make a business of serving the Lord, he likes to see him do it when he measures out onions as well as when he hollers glory hallelujah."

QUIET COUNTRY LIFE.—It was mentioned to me the other day in Los Angeles that since my previous visit—about a month before—*eight men had been murdered in and about that small town either by bullet or knife.*—*San Francisco paper.*

ST. SAVIOURS SCHOOLS,
Pottinger Street corner of Wellington Street

IT is most respectfully intimated to Parents and Guardians, that the New Schools lately erected in Pottinger Street corner of Wellington Street, in a style suitable to the wants of the climate and managed with a view of meeting the peculiar want of this Commercial Colony, are now in full operation.

The system of tuition adopted in these Schools is purely Commercial, Arithmetic, Book-keeping, Geometry, Geography, History, Grammar, Composition, Foreign Languages, Music, and Drawing, are taught by proficient resident Masters. No objection is made to the admission of any Pupil on the score of religion nor will the religious feelings of any pupil be tampered with.

A suite of large Airy Rooms, has been opened in the same Schools for the reception of Boarder Pupils. To Boys leaving home for the first time, the change will be made as easy as can be by the kindness which shall be shown them and by the exclusion of everything materially coercive.

Further particulars may be known by applying to the Principal J. BORGAZZI, who earnestly desires that communications be made before any boarder pupil is sent to the Scools.
